ASRockind Technical Reference - Q&A

Question	Does Intel Baytrial platform support external TPM2.0 module application?
Release date	2020/4/16
Product	Baytrial platform: IMB-150, IMB-150D-PCI, IMB-151, IMB-152, IMB-153, SBC-210, SBC-211, SBC-212-WT
FAQ type	☐ Specification ☐ OS & Driver ■ Application ☐ BIOS/FW ☐ Others

Answer:

TPM2.0 function is supported by BIOS updates.

Please purchase the external TPM2.0 module from ASRock Industrial and then update BIOS to the following or later versions.

Model name	BIOS version with TPM2.0 Module support
IMB-150	P1.70 or later versions
IMB-150D-PCI	P1.00
IMB-151	P1.70 or later versions
IMB-152	P1.80
IMB-153	P1.20 or later versions
SBC-210	P1.90 or later versions
SBC-211	P1.20 or later versions
SBC-212-WT	P1.00
